Today you can stroll through the quiet Majorelle Garden, a welcome contrast to the hustle and bustle of the souks. DAY 4 : MARRAKECH – ESSAOUIRA :

This morning trip to the coastal town of Essaouira. The landscape is fairly flat for most of the way, the Atlas Mountains rise in the distance on a clear day. As you get closer to the coast, it gets greener and more hilly, with olive groves and argan trees growing in the fields. It was possible to stop at a women's organ oil cooperative, where the women show the process of collecting oil from the argans.

When you arrive at your riad / hotel in Essaouira, spend the rest of the day exploring the medina of the city, which is much quieter than Marrakech's.
